## Art Cares Covid

Inside-Out

*Focus exhibition*

02.10.2020 > 24.01.2021

The visual arts sector was hard hit by the crisis generated by COVID-19. Closure of galleries, absence of exhibitions: a group of artists of different generations, all based in Belgium, was formed through a virtual platform, on the initiative of an artist and an independent curator.

**Art Cares Covid** allows to present their works, to put them on sale, but also to collect donations for the non-profit organization *À Travers les Arts!*, supports cultural projects for the elderly. The Royal Museums of Fine Arts of Belgium have decided to offer a showcase for this initiative, which creates a bridge between contemporary creation and the elderly, by inviting the curator, via a "carte blanche", to create an exhibition with these different artists.
